OPERABLE UNIT 5, DRAFT FINAL TECHNICAL MEMORANDUM #11, "CONTAMINANTS OF

CONCERN" - CAB-058-94

Action: Request comments on subject document by November 18, 1994

Enclosed for transmittal to the Environmental Protection Agency (EPA) and the Colorado Department of Public Health and Environment (CDPHE) are eight copies of the draft Final Technical Memorandum (TM) No. 11, Contaminants of Concern, of the RCRA Facility Investigation/Remedial Investigation (RFI/RI) for Operable Unit Five. This TM identifies contaminants of concern that will be included in the Human Health Risk Assessment (HHRA) to assess potential health risk from assumed exposure to the primary contaminants detected in soil, groundwater, and other media sampled in OU5.

This TM is to be submitted to EPA and CDPHE for their review and approval before formal submission of the draft RFI/RI Report for OU5, per Section VII, D.1.a. of the Interagency Agreement (IAG). Please request comments from EPA and CDPHE by November 18,1994, so that the document can be revised and approved in a timely manner.

If you have any questions regarding this transmittal, please call C. A. Bicher at 966-9100, or M. L. Hogg, at 966-8716.
